* Award ID and Award Amount:

A project award that is shared between more than one organization may appear multiple times in the list and will display the same number in the Award ID column and have identical dollar figures in the Award Amount column. Although identical dollar figures are shown for the shared award, this dollar amount is shared between all the organizations with the same Award ID. For example, if Award ID 222 appears three times in a list and each award had \$5,000 listed in the Award Amount column, then the organizations share some portion of the \$5,000.

** Project Type:

1. Infrastructure — This includes, but not limited to, sidewalk improvements; traffic calming and speed reduction improvements; pedestrian and bicycle crossing improvements; on-street bicycle facilities; off-street bicycle and pedestrian facilities; secure bicycle parking facilities; and traffic diversion improvements in the vicinity of schools.
2. Non-infrastructure — This includes, but not limited to, the creation and reproduction of promotional and educational materials; bicycle and pedestrian safety curricula, materials and trainers; training, including SRTS training workshops that target school- and community-level audiences; modest incentives for SRTS contests, and incentives that encourage more walking and bicycling over time; data gathering, analysis, and evaluation reporting at the local project level; equipment and training needed for establishing crossing guard programs.
3. Combined — infrastructure and non-infrastructure
4. Planning/Start-up — This includes, but not limited, to assistance developing a comprehensive SRTS action plan setting up a SRTS program.
5. Other

***** Statewide Award:**

"Yes" indicates that the project's reach is statewide or within a region of the state rather than serving one particular school or school district.
